This textile is beefy, durable, and absorbent, free from any torquing issues, and is virtually shrink free as a result of garment dyeing. Reactive dyes ensure minimal fading and maximum color fastness. After dyeing, the garment is treated with a natural enzyme wash, resulting in a broken-in feel, just like a Hanes or Fruit of the Loom cotton T-shirt purchased in the 1990s.

Custom order minimum is 300 units per color, multiple sizes allowed. Lab dip charge of \$40 per color, deductible from subsequent order. Turn time is as little as seven working days.

Cotton is sourced from an American farm and yarn is spun in the Carolinas. This product is 100% Made in USA and NAFTA compliant.
